

When You are Poor

When you are poor and struggle from month barely getting by.

When you look at your bills and tears you cry.

When you can't afford food or the rent you pay.

When you look at your family without the words to say.

When your car doesn't run and you are out of gas.

When your paycheck says no and will no longer last.

Bills keep stacking up to heaven above.

Just remember God is there with His hand out in love.

These things happen in life perhaps you don't know why.

Even the horrible when at the end of life you die.

Know God still loves you in heartache and pain.

You might say to yourself there is nothing to gain.

Sky goes cloudy and rains fill the air.

All seems amiss like God doesn't even care.

I assure you one cares above all else.

Perhaps you are wondering does God even care for myself.

I have served God for many long lonesome years.

In those dark times I could fill a bottle with my tears.

I work hard for the LORD Jesus in heartache and pain.

Even through impossible years within prisons dark chain.

I assure you this; it is God that does care.

God may not answer your prayers right away but I tell you He is fair. Amen...

God is love and He loves you no matter what situations in life you are facing.
